

## Go Blue For Child Abuse Prevention

April is Child Abuse Prevention Month and we invite you to join us in raising awareness. The theme this year is “Thriving Children and Families: Prevention With Purpose.”

How can you help keep children safe?

- Take some time this month to learn how protective factors and adverse childhood experiences impact families and communities.
- Wear BLUE and post your picture on your social media and tag us.
- Invest in stronger support systems for families. Follow @childwelfaregov during National Child Abuse Prevention Month to [learn more](#).

## The Statistics

In 2018, the Children's Advocacy Centers in Florida served over 34,000 children who were victims of child abuse or neglect.

- 60% of the victims were female
- 40% were male
- 36% were between the ages of 0 and 6 years old
- 35% suffered from sexual abuse
- 27% suffered physical abuse
- 17% suffered from neglect

We work closely with many agencies that help children afflicted with abuse. They are seeing more children than ever during the COVID-19 pandemic and need our support. Your dollars have helped support so many children going through very difficult moments, hours, days and months. Thank you!

We are proud to partner with the amazing men and women who give these children support, love, and hope. A HUGE SHOUT OUT to:

## The Twig Cares

### **Autism Acceptance Month**

The Autism Society recognizes that the prevalence of autism in the United States has risen from 1 in 125 children in 2010 to **1 in 54 in 2020** – recognizing this continued increase, the goal for Autism Acceptance Month is to further increase awareness about autism signs and symptoms. Autism is the fastest growing developmental disorder in the United States.

The Libertore Fund is asking everyone to change the dialogue from Awareness to Acceptance! When an individual is diagnosed with Autism it doesn't mean their life requires a "less than" mindset but rather to build an inclusive society where individuals with autism live fully through connection and acceptance. With this new found acceptance we are able to improve support and opportunities in education, employment, accessible housing, affordable health care and comprehensive long-term services and supports for individuals!

### **Sylvan Cares & Partners with LibFund**

Sylvan Learning Centers in Lakeland and Winter Haven, FL, have partnered with The Libertore Fund for Children. They are giving back \$12 of every Insight Assessment completed now through May 9th, 2021.

Now more than ever our school-aged children have been faced with huge obstacles to receiving a quality education through shut-downs, virtual schooling, and a digital divide. Sylvan is skilled at assessing your child and creating a plan to accommodate their learning needs. Do you know a child who may benefit from an Insight Assessment? Share this special opportunity for Polk County students and Sylvan will pinpoint the gaps and give back to The Libertore Fund.
